Hello Lindsey MART is still calling my cell tying up the line every day with a Computerized voice. As you know I have written two letters asking them to stop calling my cell phone. I will be sending out my third letter today with a return green card along with our new prices for December.

I am gonna get a new cell phone from verizon and I will not give MART the number they clearly think they are above the law. They have ramped up the calls with a computerized message since I been complaining, ok thanks
